

## **Hollywood-Hero** Petition

### **We Support Mel Gibson and his film The Passion**

**We, the undersigned support Mel Gibson and his film, The Passion**

**We believe that it is important to show the powers-that-be in Hollywood that there is grassroots support for a courageous firm depicting one of the most revered moments in Christian history without being maligned and shunned by decision makers, distributors and bigots**

**Mel Gibson has made a fortune for studios over the course of his career and was rebuffed when he brought this project to them**

**This film to date has no domestic distributor to bring it to our movie screens**

**We state that we will go see this film when it is released, no matter how far we may have to travel to see it**

**We urge film distributors to reconsider their decision to make it easier for the people across the country to see this film**

**We're with you Mel, even if Hollywood is not! We're the ones who buy the tickets!**

**Signed,**
